Dear Brantley Pest Control,

Thank you for the contribution of your time and materials to the Haines City Fire Department. We sincerely appreciate your efforts in assisting us maintain our original 1923 American La France fire engine. When we discovered that wooden portions of the engine were infested with termites there was great concern as to the extent of the damage. Your timely and generous assistance allowed us to quickly mitigate the problem and return the engine to display at our facility.

Again, thank you very much and have a wonderful day!

Sincerely,
